

# Product Data and Specifications

## Perforated SS Work Surfaces

Part No.	Description
19101	SS Work Surface 24" D for 2 Ft Clean Bench
19102	SS Work Surface 24" D for 4 Ft Clean Bench
19103	SS Work Surface 24" D for 6 Ft Clean Bench
19104	SS Work Surface 24" D for 8 Ft Clean Bench
19105	SS Work Surface 32" D for 2 Ft Clean Bench
19106	SS Work Surface 32" D for 4 Ft Clean Bench
19107	SS Work Surface 32" D for 6 Ft Clean Bench
19108	SS Work Surface 32" D for 8 Ft Clean Bench

## Stainless Steel Work Surfaces

Part No.	Description
19109	SS Work Surface 24" D for 2 Ft Clean Bench
19110	SS Work Surface 24" D for 4 Ft Clean Bench
19111	SS Work Surface 24" D for 6 Ft Clean Bench
19112	SS Work Surface 24" D for 8 Ft Clean Bench
19113	SS Work Surface 32" D for 2 Ft Clean Bench
19114	SS Work Surface 32" D for 4 Ft Clean Bench
19115	SS Work Surface 32" D for 6 Ft Clean Bench
19116	SS Work Surface 32" D for 8 Ft Clean Bench

## Caster Option

### Part No. Description

805083	Caster, 3" with Brakes, (4) req'd.
--------	------------------------------------

Casters

## Static Control Package

### Part No. Description

19754	2' models, 115V, 60Hz
-------	-----------------------

19755	2' models, 208-230V, 50/60Hz
-------	------------------------------

19750	4' models, 115V, 60Hz
-------	-----------------------

19751	4' models, 208-230V, 50/60Hz
-------	------------------------------

19752	6' models, 115V, 60Hz
-------	-----------------------

19753	6' models, 208-230V, 50/60Hz
-------	------------------------------

19756	8' models, 115V, 60Hz
-------	-----------------------

19757	8' models, 208-230V, 50/60Hz
-------	------------------------------

Static Control Package

Static Pulse Box Controller is pre-wired and installed in 4ft, GS unit

## Duct Collar Adapters

### Part No. Description

19950	10" Duct Collar Adapter
-------	-------------------------

19951	12" Duct Collar Adapter
-------	-------------------------

19952	Side Load Prefilter Frame with 10" Duct Collar Adapter
-------	--

19953	Side Load Prefilter Frame with 12" Duct Collar Adapter
-------	--

Duct Collar Adapters

## Additional Options

208-230V, 50/60 hz motor	230V, 50 hz lighting for export models
--------------------------	--

277V, 60 hz motor	ULPA Filter 99.9995% efficiency @ 0.12 micron or larger
-------------------	---

## Front Face Shields

Part No.	Description
905230	Acrylic Face Shield for 2 Ft Bench
905231	Acrylic Face Shield for 4 Ft Bench
905232	Acrylic Face Shield for 6 Ft Bench
905233	Acrylic Face Shield for 8 Ft Bench

## Front Face Shields

Table Top Work Stations

Horizontal Flow and Vertical Flow Clean Benches

## Top Shroud (Vertical Flow)

Part No.	Description
19140	Top Shroud Unit 24" D for 2 Ft Clean Bench
19141	Top Shroud Unit 24" D for 4 Ft Clean Bench
19142	Top Shroud Unit 24" D for 6 Ft Clean Bench
19143	Top Shroud Unit 24" D for 8 Ft Clean Bench
19144	Top Shroud Unit 32" D for 2 Ft Clean Bench
19145	Top Shroud Unit 32" D for 4 Ft Clean Bench
19146	Top Shroud Unit 32" D for 6 Ft Clean Bench
19147	Top Shroud Unit 32" D for 8 Ft Clean Bench

## Top Shroud (Horizontal Flow)

Part No.	Description
19148	Top Shroud Unit 24" D for 2 Ft Clean Bench
19149	Top Shroud Unit 24" D for 4 Ft Clean Bench
19150	Top Shroud Unit 24" D for 6 Ft Clean Bench
19151	Top Shroud Unit 24" D for 8 Ft Clean Bench
19152	Top Shroud Unit 32" D for 2 Ft Clean Bench
19153	Top Shroud Unit 32" D for 4 Ft Clean Bench
19154	Top Shroud Unit 32" D for 6 Ft Clean Bench
19155	Top Shroud Unit 32" D for 8 Ft Clean Bench

## Top Shroud

Top Shrouds are available for enclosing the SAM unit. Easy access to the switches enables the operator to operate the lights independently from the fan motor.
